**Report A Hate Crime**

Hate crimes and incidents come in many different forms. If a hate crime happens to you or someone you know, it is important that you report it.

By reporting hate crimes when it happens, you can help stop it happening to someone else. You can also help the police to better understand the level of hate crime in your local area to improve the way they respond to it, in turn helping your friends, family and community.

Call 999 if someone is in immediate danger. Call 101 to contact local police for non emergencies.

## About Curo

Curo provides great homes and high quality care and support services across the West of England.

They also provide support for our communities through services for older and vulnerable people, such as their Community Connect, social prescribing and Independent Living Services.

With 50+, Curo aims to provide a safe space for older LGBT+ people to become more active in their community and reduce social isolation.

The group is also a chance to speak to Curo representatives from their Community Connect and Social Prescribing Team to find out what support is available in your local community.
